

Darda A REVITALIZED CLASSIC FOR THE NEW MILLENNIUM

For over a decade, Darda Cars have been "wowing" kids by driving faster, leaping further, and climbing higher than any other motorized car on the planet - without batteries or electricity!

Now more than ever, today's Darda will get kids excited and keep kids excited about Darda for years to come! Because Darda has a striking new look and a fresh new line designed to grow along with the changing interests of growing children. From preschool simplicity to the daring capers that excite the older child, each eye-catching set in the new Darda Series provides a new opportunity for young Darda fans to take their adventures one step further.

And by showcasing the "World of Darda" Cars and Accessories on the back of each package, today's Darda Sets encourage kids to expand their collection and their imagination - driving home the difference that their Darda can be a different toy every day of the week!

Offer your customers the best of yesterday, today, and tomorrow with the next generation of Darda, The Ultimate Playing Machine - for the New Millennium.
