STOP AND GO wind and wait...touch the rear axle or bump with another car and they speed into action!

ULTRA SPEED lighter for extra speed on tall towers, they can reach 600 scale mph!

***ULTRA SPEED STOP AND GO** two sporty models combine pure power with stop and go action

STANDARD MOTOR clocked at over 500 scale mph! Will travel 75 feet on one wind!

WORLD CLASS JUMP AND GO SPEEDWAY Police cars wait until the first racer completes the course, then bursts into action when bumped from behind!

ULTRA SPEED DELUXE AWESOME TOWER Two Formula cars battle impossible inclines and daring descents on this skyscraping tower of thrills!

DOUBLE CROSS SPEEDWAY Double the danger and double the fun. The Ultra-Speed Darda car completes two circuits with one wind-up!

DELUXE TREACHEROUS TOWER A banked hairpin curve sends car into a frenzied maze of multiple loops stacked as high as the sky!

TRIPLE CROSS TOWER Twisting through the loops on the 3 foot tower and the triple criss cross intersections create the most amazing challenges yet! 2 cars included.

ULTRA SPEED JEWELER SPEEDWAY The car climbs the winding tower, then falls down and kicks the waiting Stop! Go car into action!

POWER LOOPS One wind and the Darda car zooms through two complete circuits for twice the excitement!

TWIN TWISTERS Make at least six layouts with this double looper set!

The best way to test the limits of our remarkable cars! Each set features instructions for alternate layouts, but you can invent dozens of your own track designs from just one Darda set!
